TIPS, TRICKS AND RESTRICTIONS

Borders can be used for cards, tables, alerts, toasts, separators and for every custom component that needs border. **NB! Use brand or accent borders only if needed.** Use carefully cause those borders could draw too much attention away from content.

For variables, search:
- *border*

Spacings

TEDi

Documentation

Zeroheight →

TIPS, TRICKS AND RESTRICTIONS

Spacings can be used for every component as for paddings and margins. Component specific gutters are defined as separate variables, like button inner spacing etc.

For variables, search:
- *gutter*

Example

16px · 24px · 32px

Heading

The styleguide helps us design visually pleasing and accessible designs more quickly than before.

TIPS, TRICKS AND RESTRICTIONS

Radiuses can be used for every component. Semantic components (cards etc) use them so **do not use them directly unless you build your own custom component.**

For variables, search:
- *radius*

Radius *(base variables)*

0 · 2 · 4 default · 8 · 16 · 20 · 40 · 100 · 360

National immunisation schedule

In Estonia, children and adolescents are vaccinated against tuberculosis, hepatitis B virus, rotavirus infection, diphtheria, tetanus, whooping cough, rubella, measles, mumps, polio, HPV and hemophilia B type. Adults are vaccinated against diphtheria-tetanus every ten years. In additon, risk groups are vaccinated at the beginning of the flu season.
